# Best Places To Explore:

## Ancient Egypt

Unique opportunity to travel back through time to find yourself immersed in ancient Egyptian history, Explore the Great Pyramids with a sunset camel ride, Seek out culture on a private and expertly guided tour of the Egyptian Museum of Antiquities.

## Islamic & Coptic Cairo

Cairo is known as the "city of a thousand minarets," and that's reflected in its designation as a UNESCO World Heritage Site, Coptic Cairo to see an Old Roman fortress built by Emperor Trajan, the Roman fortress of Babylon. Move to the Hanging Church.

# RED SEA

Learn about marine biodiversity in one of Earth's major bodies of water, the Red Sea, Swimming with dolphins in their natural environment is a truly unforgettable experience.

## **We provide unforgettable learning moments**

The summer immersion course is designed to provide an intensive learning experience over the course of two weeks, totaling 66 hours of instruction. Divided into three sections, each with a unique focus.

The first section will explore Islamic and Coptic Cairo, providing students with an in-depth understanding of the city's rich cultural and historical heritage. Students can expect to visit important landmarks such as mosques, churches, and museums.

The second section of the course will focus on Ancient Egypt, examining the country's fascinating history and culture from the pharaohs to the pyramids. Students will have the opportunity to visit archaeological sites and learn about the lives and customs of the ancient Egyptians.

The third section of the course will be located in the Red Sea and will explore the region's incredible biodiversity. Students will learn about the unique marine ecosystems that exist in this part of the world and participate in activities such as snorkeling and scuba diving to observe and study the marine life in Egypt.
